Totals 12,000,000 Miles.
There are 6,000,000 telephone stations in this country, and the amount of wire made use of will total at 12,000,000 miles. Some idea of what this total means may be grasped when we calculate that this length of wire could be wrapped around the earth 500 times and that it would make 50 separate lines from the earth to the moon, but there would not be half enough wire to reach from the earth to our nearest planetary neighbor, Venus.

FREE TOLLS ARE BEING UNPASSED

Delegates to Baltimore Convention Sounded on Plank.

PATRICK McCABE HAS CHANGED

Clerk of New York State Senate, Who Was Member of Convention, Says President Wilson Has Converted Him—Novel Way to Repeal Objectionable Platform Resolutions.

Albany, April 7.—United States Senator T. F. Gore has written each delegate to the Democratic national convention held at Baltimore asking whether it shall be "free tolls" on the Panama canal. One of these letters under date of April 1 addressed to the clerk of the state senate, Patrick E. McCabe, reads:

"I am writing you as a delegate to the Baltimore convention. As you know the platform adopted by that convention declared in favor of permitting vessels engaged in our coastwise trade to pass through the Panama canal free of tolls. I should esteem it a great favor if you would kindly advise me by return mail as to whether you favor or oppose 'free tolls.'"

Thinks Wilson Right.
In reply to Senator Gore, Mr. McCabe said:

"I read with a great deal of interest the message of President Wilson asking the repeal of the Panama government act, permitting certain vessels to pass through the canal free of tolls. The message has converted me entirely to Mr. Wilson's way of thinking. I regard him as being absolutely right in his position."

U. S. SUPREME COURT TIE IN GOMPERS CASE

Contempt Action Must Be Argued Over Again.

Washington, April 7.—A divided supreme court—four to four—with Justice Lurton not participating has made it necessary to order a reargument of the contempt cases involving prison sentences for Samuel Gompers, John Mitchell and Frank Morrison, officers of the American Federation of Labor. The rearguments will be heard on April 20.

Justice Lurton who has been absent for several months on account of illness was in his seat on the bench. He seemed to be completely restored to health.

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

—Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

—Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.
